

SEMI-WEEKLY INTERIOR JOURNAL.

VOL. XX.

STANFORD, KY., TUESDAY, JULY 12, 1892.

NO. 39

DANVILLE.

—Mr. M. J. Farris, of this place, sold last week one of his New Mexico ranches for \$100,000.

—No democratic club was organized Friday night, but a big one will be one week from to-day.

—Miss Mollie Dermady, who has been at Sullivan, Ind., for three months past, is back again with Mrs. Richard Foley.

—John Baughman, colored, who was sent to the asylum at Lexington two or three months ago, is home again by permission of the authorities.

—A child of Mr. F. P. Barker, who lives near the depot, died Sunday of brain fever. The remains were taken to Lebanon Monday for interment.

—Judge McFerran, Messrs. C. H. Rodes, J. R. Marrs, J. R. Dodds, S. B. McFerran and Martin Welch attended the convention at Nicholasville, last Saturday, which nominated Gov. McCreary for representative in Congress.

—Findley Phillips and James Vaught, who were sent to the work-house Thursday for 20 and 25 days respectively, resigned early Friday morning heading toward Burgin. Governor French, of the work-house does not accept their resignation with much resignation.

—The thorough renovation of the Gilcher House, begun by Mr. A. Tribble when he took charge several weeks ago, is approaching completion and when finished the condition of everything will show that the present proprietor is the right man in the right place.

—Alex. Camden, for a breach of the peace and for carrying a concealed weapon, was sent to the work-house Friday evening. There is a fine of \$10 for the breach and \$25 fine and 10 days imprisonment for the "weepee," all of which Mr. Camden can settle by work at an allowance of \$2 per day.

—Sam Woods and his wife, Martha Woods, were before the recorder Saturday for a breach of the peace. Although the proof failed to show a violation of law, it did show a big lot of infelicity in Sam's domestic life, caused by his wife practically abandoning him and her receiving attentions more or less platonic from other men. While the prosecution was dismissed, both parties and a witness named Charles Diggs were required to give bonds to keep the peace for one year. At the same time Mollie Lee was fined \$6.00 for calling said Diggs a blank blank son of a canine of the feminine gender.

IMPORTANT.—We are always pleased to see merit succeed, especially among our own people and cannot find a better example of rapidly increasing business than that of our genial and enterprising jeweler, B. H. Danks. As a graduate and former instructor of the Horological Institute of Philadelphia, he is equipped for the rapid dispatch of every kind of repairing. As an engraver he is simply an artist. Always at his post and never better pleased than when showing his goods, of which we can say there is not a better selected stock, with prices as reasonable, to be found anywhere. We predict for him a brilliant business career and feel assured his success is certain.

THE OAKWOOD.

From Dear Kate's Scrap-Book.

I walked in the oakwood's dusky shade,
Low music, heard in the solemn wild—
"Neath flowers, a brooklet whispering made
As soft and sweet as the pray'r of a child.

Sweet awe upon my soul lay hold,
The forest heaved with mystic sighs,
As if it would to me unfold
That which God's wisdom yet denies.

As if it would to me reveal
What the Father's love designs to will,
But seized with fear, it seemed to feel
God's awful presence—and grew still.

—From the German.

—Wedekind, Hallenberg & Bros tannery and the plant of the Standard Cut Sole Co. burned at Louisville; loss \$200,000.

—On an excursion steamer near Gadsden, Ala., the Green and Dillard brothers quarreled over politics and in the battle which followed Whitt Dillard and Bill Green were killed. All the belligerents were more or less hurt.

—It is rather a coincidence that all four of the candidates—Cleveland, Harrison, Reid and myself—are Presbyterians, something which never happened before and probably never will again. So there can be no religious controversy in this campaign.—Adlai E. Stevenson.

—The whole division of National Guard of Pennsylvania, over 8,000 men, have been ordered to Homestead to restore peace. Much excitement was created in Homestead by the order, but the leaders of the strikers announced that there will be no resistance offered the troops.

—If Speaker Moore did not want to help out Frankfort in the selection of the Capital Committee that town is the luckiest village in the world. It is said that four out of five of the House Committee are red-hot advocates for Frankfort, and dollars to cents Speaker Moore cannot take a list of the members and unintentionally do the same thing over to save either his personal or official life. —Louisville Post.

LANCASTER, GARRARD COUNTY.

—Chicken thieves are getting in their work around town.

—A splendid shower of rain fell Sunday afternoon, greatly benefiting the corn crop.

—A cheap con excursion passed up over the K. C. to Cincinnati Sunday morning.

—Union services will be held next Sunday afternoon at the Baptist church conducted by Rev. Hill.

—Storekeeper and ganger, John M. Duncan, tells us that the Traylor distillery will suspend operations Wednesday.

—From present prospects the display of stock at the Garrard fair this year, will be better every way than at any previous meeting.

—Master Commissioner R. A. Burnside has advertised the farm of A. B. Brown, on Sugar Creek road, to be sold next county court day, the 24th.

—Miss Lillie Grant entertained the Junior Club Friday evening. On the same evening Master Sanfley Hughes entertained his young friends at his home on Richmond street.

—The grass in the park has been mowed and the fence will receive a fresh coat of white paint. The trustees will also have the public square cleaned and the broken rock spread on same.

—As Cleveland and Stevenson, and Harrison and Reid are all Presbyterians, it is important to know to what "persuasion" Weaver and Bidwell belong. But then, when it is likely that all of the candidates, together with the innumerable host of politicians, who are boosting them, will lose more sleep in the study of political trickery than in devising ways and means to discharge their religious duties, it doubtless makes but little difference as to what their ecclesiastical affiliations may be.

—Among the most accomplished musicians of Central Kentucky, Miss May Z. Hughes, of Lancaster, takes deservedly high rank. Her performances on the piano are superb and she shows the excellence of the training she has received at the hands of Prof. Koester and others. She plays the works of the old masters at sight, and is familiar with the merits of the ablest writers of ancient and modern times. She is now engaged in teaching and will undoubtedly meet with the encouragement she so richly deserves.

—Miss Nellie Dillon has returned from Richmond. Miss Sallie Anderson left for Lake Chatanqua Monday. Misses Stone, of Burgin, are visiting Miss Nellie Dillon. Miss Lottie Dillon, a little beauty of Crab Orchard, will be the guest of Miss Altye Marksburg during the fair. Misses Georgia Miller, Bessie Marksburg and Messrs. Burt Spencer, Wesley McQuary spent Sunday at Green Briar. Misses McDowell, of Flemingsburg, are visiting at Eld. J. C. Frank's. Clyde S. Herring, of Louisville, is here to visit his relatives and attend the fair. Mrs. H. A. B. Marksburg and daughter, Miss Bessie, visited relatives in Boyle last week. W. R. Marrs is back from a trip through the southern part of the State for a boot and shoe house. John L. Anderson, of the Record, and J. M. Rothwell attended the convention at Nicholasville Saturday. The July number of the Illustrated Kentuckian contains a good likeness of one of Garrard's beauties, Miss Lottie Brown. Miss Lula Batson has returned from Lexington, where she has been attending Chatanqua and took part in the cantata, "Queen Esther." Mr. Jas. R. Marrs, of the Kentucky Homestead, was here last week shaking hands with his many warm friends. Mrs. T. S. Farris and Miss Katie Landrum visited friends in Lincoln county Sunday.

—In the year 1700 an order was made in New York directing Abraham Depeyster, one of the justices of the supreme court of judicature for the province, to go to the circuit of Ulster and Dutchess counties and hold a court, and that his charges be allowed by the government, he having no salary. Now this was patriotism with a vengeance, and is worthy of imitation by the judiciary of this age, who are anxious to serve their country. But, then, when the facts are known as to what the "charges" refer, the proposition is not to be sneezed at as unworthy of the consideration of a judicial magistrate, even of this day and generation. In this instance, Justice Depeyster was allowed under the head of charges for two quarter casks of old Madeira, one gallon of brandy, six pounds of white sugar, 12 pounds of muscovada, 2 gamons of bacon, 4 Neat's tongues, one barrel of "Syder of Jacobus de Key, 4 loaves of bread, 25 pounds of white "biskitt," one Cheshire cheese, 6 pounds butter, 3 "fowles," 1 bottle of oil, half gross of pipes, 3 pounds of tobacco, 1 bottle of lime juice, 1 dozen glasses of Jeremiah Tothill, 2 quarters of dressed lamb, half of a lamb pie, 24 flats of beer, 5 empty bottles, half barrel of powder and a quire of cartridge paper, 2 men for carrying the judge from Pokeepsink to Esopus, about 18 miles, against wind and tide; to a silverspoon of the captain's, lost; to a silverspoon by accident, and hire of sloop 10 days. The total amount of these charges was £33, 4 shillings, for which a warrant was ordered to issue. If the Kentucky Legislature could provide simply for the payment of the "charges" of our judiciary, it is likely that any considerable number of our lawyers would be anxious to accept a position upon the bench. But, then, they might like Justice Depeyster have a good old time when going the rounds of the circuit and under the head of charges, take in everything that was lying around loose.

Willow Grove, Boyle County.

—The school at this place will be taught by Miss Lizzie DePauw. She will begin Monday, the 11th inst.

—Two thoroughbred Southdown bucks, 22 fine early lambs and 20 fat ewes for sale. D. M. Creighton, Kingsville, Ky.

—The two little daughters of Mr. Richard Cobb are quite ill. Mr. A. A. Lewis and family, of Somerset, are visiting his father.

—Lucien Lewis received the following complimentary note from one of the Boyle County Board of Examiners: "It will, perhaps, be of some interest to you to know that you are the only one of the applicants that received a first class certificate." Lucien is only 17 years old and has not attended school for two years.

—A. E. Hundley is building a handsome residence on the old site. Just across on the slope of not very gentle declivity, Miss Lucy Myers has had a neat little cottage built; while on the same side, not far away, is Mr. James Swope's home newly painted and repaired. Dr. Lewis' pride was roused and his house has undergone repairs and wears a new coat of paint. Next in order is Mr. W. T. Ward's neat little vine clad cottage newly painted and furnished. Last on the list, but not least, is the transformation of "Elmwood Home," owned by Mr. R. Gentry. May the good work continue.

HUSTONVILLE.

—Several of our farmers have threshed wheat and report an excellent yield. J. W. Allen made 45 bushels per acre on our acres.

—Rev. W. W. Bruce will open school at the Presbyterian Seminary the first Monday in September. Miss Kate Bogle will assist him.

—While attempting to jump on a wagon a few days ago Roy Austin, aged about 10 years, fell and the wheel passed over his leg cutting it very badly. Dr. Brown dressed the wound and the little fellow is getting along very well.

—John Riffe and Will Cabbie, of Lebanon, arrived Saturday night to visit homefolks. Mrs. Kate Culbertson, of Covington, is visiting Mr. J. B. Huffman's family. Mr. Alvin Mains, of Falmouth, with Mrs. Dr. John Bogle, of Danville, visited Mrs. Chloe Bogle Sunday. Misses Ida and Blanche Tidwell returned from Russell Springs, last week. Miss Lena Barnett, of Boyle county, is visiting Miss Nora Green.

—Our town had an occurrence which caused a good deal of excitement on Sunday afternoon in the way of a street fight between two gentlemen of color, Joe Lee and Weap Jarman. Besides demolishing the handsome expressions of their faces, the also broke a large glass in the front door of F. F. Steele's store with rocks and the heads of said combatants.

MIDDLEBURG, GASEY COUNTY.

—James Hogue and Crit Spears, mentioned in our last, were to have been tried Friday for disturbing worship at Mt. Calvary, but have not heard the result. Roy Spears and John West have not been arrested yet.

—Lightning seems to have toyed with objects at its leisure in this locality on the 30th ult. The Methodist church cupola was struck and damaged considerably, while on the farm of Green Wilkinson, colored, on Indian, three miles east of here, a walnut tree was split from its top to the ground and 14 sheep that had taken shelter under it, killed.

—We have a half-dozen teachers in this vicinity and all have contracted for schools, as follows: Ambrose Humphrey will teach at No. 32; V. R. Coleman at Pleasant Valley; F. W. Taylor will do service for the State at Deadwood; John Wheat will use the rod at Myers; N. W. Hughes will teach young ideas to shoot wads against the ceiling at Yosemite, while P. H. Taylor will occupy a position in Janie Wash Institute during next session.

Card of Thanks.

We desire to return our sincere thanks to all friends for their kind attention to our wife and mother during her long illness and especially to those who were with her in her last days, and to all who took part in the funeral exercises. May God in His loving mercy bless and save all the heartfelt prayer of husband, daughter and sons. ISAAC HAMILTON. Rowland, July 11.

A carpenter by the name of M. S. Powers fell from the roof of a house in East Des Moines, Iowa, and sustained a painful and serious sprain of the wrist, which he cured with one bottle of Chamberlain's Pain Balm. He says it is worth \$2 a bottle. It cost him 50 cents. For sale by Dr. M. L. Bourne, Druggist and Optician, Stanford, Ky.

CRAB ORCHARD.

—As "time is winging us away to our eternal home," and the Interior has no correspondent from Crab Orchard, I will try and give you a few items. Miss Sabra Hays, of Stanford, is the guest of Mrs. J. F. Holdam. Dr. Estes, of Me-

—The stock of Chadwick, Bailey & Co., who made an assignment about two months ago, was sold at public auction Saturday, July 24, and was purchased by S. J. Bailey, brother of J. R. Bailey, one of the firm. The business will be conducted in the same place in the name of S. J. Bailey, with J. R. Bailey as business manager. The firm of Chadwick, Bailey & Co. was composed of three as perfect gentlemen as could be found. Being honest themselves, they trusted to the honesty of every one else, and thus were driven to the wall.

—We have had the pleasure of listening a few times to the Rev. George O. Barnes since his stay at Green Briar. Quite a crowd was out Sunday afternoon. While his son Will was in the midst of a very eloquent discourse he was interrupted by the rain, which fell in torrents, and ran through the roof of the Tabernacle like sand through a sieve. Brother Barnes closed his meeting Sunday night with his first lecture on the Lost Tribes. Some say that Bro. Barnes is crazy and others that his doctrine is false, but none can listen to his clarion notes and not admit that he is a great man and a matchless orator.

Kinney, was in our town a few days ago. Mrs. Dr. Black is visiting her mother, Mrs. Mat Fish. Nath Woodcock, the well-known traveling salesman, and family were at Green Briar Springs. R. L. Collier and wife, of Corbin, are visiting W. P. Tate. M. D. C. Payne is quite sick. W. J. Edmiston has begun his school at Ephesus, where he has taught for several years. Dr. W. A. Wall informs us that Gabe Fish, the darkey whom Sam Collins shot, is improving. Mrs. Sam Ward and her son Samuel Jr., are visiting friends and relatives at this place. John Buchanan, Jr., of the Louisville Times, spent the 4th with his parents. Misses Maud Pettus and Mamie Henry spent several days with the family of Mr. Tom Austin, near Paint Lick.

CHURCH AFFAIRS.

—The meeting at Logan's Creek will continue through the week and services will begin at 8 p. m.

—The next international convention of Christian Endeavor Societies will be held in Cleveland in 1894.

—Elder W. E. Ellis and Rev. Joseph Ballou will exchange pulpits on Sunday next. Rev. Ellis will preach at 8 o'clock Saturday night, also, at McCormack's. —The Christian church here will begin a protracted meeting on the 2d Sunday in September. The pastor will be assisted by Elder C. H. Lucas, of Maysville.

—Rev. C. E. Powell has accepted a call to the Burksville Christian church and has gone to take charge. He is an unusually promising young preacher and is destined to make a valiant soldier in the army of the Lord.

—The pastors of the churches here prepared and read a paper to their congregations Sunday, appealing to them not to engage in dancing, betting or any of the other besetting sins that the week will present. We would have published the paper, but failed to secure a copy.

—The convention of the Christian Endeavor Society is in session in New York. Over 20,000 have been assigned to various hotels and boarding houses. In all 30,000 delegates will participate in the proceedings of the convention. An overwhelming vote against the World's Fair opening on Sunday was given.

—The Presbyterian Congregation voted 27 to 15 Sunday to refuse to accept Rev. Ben Helm's resignation as pastor, and some of the 15 say they voted as they did at Mr. Helm's request. Nearly all present voted, but the membership is 110. Mr. A. C. Sine was appointed on behalf of the church and Mr. A. K. Denney for the session, to go to the Presbytery at Richmond, Thursday night, and resist the application for the dissolution of Mr. Helm's relationship. It is said, however, that his mind is fully made up to leave and he will insist on his resignation being accepted.

SIX PAGES.

On Fridays.

The subjoined letter from Grover Cleveland should be engraved in letters of gold and hung at every fireside in the whole land. A coterie of women in New York, the Lord pity them! yearning to drop their petticoats and to pull on breeches, or, which is the same, to enter the political arena, organized a woman's club and presumed to give it the name of Mrs. Cleveland. The husband and father sits down on them with a dull thud, which leaves no room to doubt either his or Mrs. Cleveland's view of the question of female suffrage. The letter furnishes an additional, and by no means an unimportant, reason why its author should be president. Sound to the core politically, it is specially gratifying to note his uncompromising hostility to this modern abomination, this loathsome, sickening bait held out only by the prohibition party and the little rotten borough of Wyoming, to lure women from the elevated sphere assigned them by their Maker.

Give us a protective tariff; give us a sub-treasury bill; give us Tom Pettit or the itch; give us a force bill and negro domination; give us an oligarchy of tariff barons; give us Andrew Carnegie; give us —, but spare us the inexplicable wrong, the unutterable shame of putting our women into small clothes and politics!

Here is the letter. It is dated at Gray Gables, Mass., and is addressed to Mrs. Mary Frost Ormsby: My Dear Madame: Mrs. Cleveland has referred to me your letter informing her of the organization of a "Frances Cleveland Influence Club." It is by no means pleasant to dissent from the methods which sincere friends adopt when their efforts not only demonstrate their friendliness, but when they also seek to subserve the public good and are, therefore, engaged in a patriotic service. It is, however, impossible for us to approve of the use of Mrs. Cleveland's name in the designation of clubs designed to do political work.

We trust you will not undervalue our objection, because it rests upon the sentiment that the name now sacred in the home circle as wife and mother may well be spared in the organization and operation of clubs created to exert political influence. Yours truly, Grover Cleveland.

The debates of the constitutional convention, just printed, require four volumes, containing in all 6,480 pages, of which 426 pages, larger than any ordinary book, are required for indexing. Delegate Bronston wasted more time with his mouth than any of the delegates, the indexing of his speeches requiring 254 pages and the speeches nearly 400. Tom Pettit comes next with 134 pages, while Lincoln's representative is about 5th, with 104 pages. There was more talk and less sensible work in that convention than any on record, as the debates show and the constitution adopted attests. Gov. Knott, the greatest man in the body, and Gov. Buckner, one of the most sensible, only require three pages each of index, while Hon. R. P. Jacobs, who was the peer of any of them, only takes 24. If Bronston and his kind had been muzzled the State would not have been in the humiliating condition of not being able to pay its just debts.

The democrats of Lexington ratified the nomination of Cleveland and Stevenson in an enthusiastic manner Saturday night. The meeting was in the Opera House and was addressed by Judge M. J. Durham, Judge Wallace E. Varner, C. J. Bronston, J. Mort Rothwell and others, all of whom made stirring speeches. The papers are especially complimentary of Judge Varner's speech, which they say was a masterly effort.

The Baltimore Sun charges, perhaps not unjustly, that the democratic vote on the silver bill in the Senate was the result of a combine to defeat Mr. Cleveland, since the conspirators failed so ignominiously to prevent his nomination. There are certain democrats in the Senate and elsewhere who much prefer the election of Harrison to Cleveland, just because the latter is too honest to serve their purposes.

It begins to look like the House will vote on the silver bill before its adjournment. The coinage committee has favorably reported it and the committee on rules has made it the special order for Wednesday and Thursday. It is to be hoped that there are a sufficient number of conservative made to shelve it again.

It is now claimed by some of the members of the People's party that President Harrison kept Judge Gresham from receiving the nomination of the Omaha convention by promising him a seat on the U. S. Supreme bench. This is important, if true.

The directors of the L. & N., the best managed railroad in the country, have declared a cash semi-annual dividend of 2 per cent.

The fight between the Pinkertons and strikers at Homestead, Pa., in which a score of men were killed and many wounded, caused as much of a sensation as one of the large battles of the war. The echo of the bullets reverberated around the world and opened the eyes of capitalists and labor in every land and clime. Having forced his men to strike by reducing their wages without excuse, Carnegie sent a lot of Pinkertons to take charge of the steel works and protect the non-union labor that he intended to introduce. The men resisted this, whether lawfully or not, in a most determined manner and the attempt has not since been renewed. While the strikers are not probably justifiable in a resort to such desperate methods, much can be said in extenuation of their conduct and public sympathy so far is with them and against the governmental policy of protecting by onerous tariff laws the few at the expense of the many. There never was a more decided object lesson that protection does not protect the laboring man than the incident at Homestead, and it must redound to the benefit of the democratic party, which is the party of the people, and does not build up the rich at the expense of the poor. The battle of the bullets ought to be supplemented by a battle of ballots against the party in power, which has enabled such men as Carnegie to coin money from the sweat of labor, he would make serve him at starvation wages.

Gov. JAMES B. McCREARY, who pre-eminently deserved it, was renominated by acclamation for Congress in this district, by the convention held at Nicholasville, Saturday. All the counties but one were represented in person and that by proxy. Judge John W. Hughes was called to the chair and the several newspaper men present made secretaries. After the nomination and the adoption of a resolution endorsing Cleveland and Stevenson, Gov. McCreary appeared and made a speech full of confidence over the outcome of the general election.

The distinguished honor of representing the South on the National Executive Committee has been accorded Col. W. O. Bradley. The colonel is the man for the job and we are for him for that or anything else, but if he doesn't let that force bill drop, he will hear something drop himself.

DEATH'S DOINGS.

—After lingering for months with disease, Mrs. Max Manes died in Louisville last week. Some 18 months ago she came to Stanford the happy bride of the man of her choice and possessed of health and the peculiar beauty of the Jewish women, she promised to live long upon the earth. In due time she presented her husband with additional pledge of her love and since then she has not seen a well day. The little girl lived and with the husband suffers a loss that is irreparable.

—After a long confinement with cancer, Mrs. Isaac Hamilton passed to a better world last Thursday night, surrounded by her husband, children and friends. Mrs. Hamilton was Miss Roberta Florence and she was raised near Lebanon Junction, but she and her husband had lived at Rowland for many years. Six children were born to them. One died a natural death, two were killed and three survive—Mrs. Mollie Ingram, of Tennessee, and Messrs. Waverly and D. R. Hamilton. Deceased was a member of the Baptist church for years and an excellent christian woman. We tender our sympathy to the grief-stricken family and especially to the husband, upon whom the weight of affliction falls the heaviest. The funeral service was preached by Rev. A. V. Sizemore Friday afternoon at the residence and then a long procession of friends followed the remains to the city of the dead on the hill.

For the High Bridge Camp Meeting, July 22 to Aug. 1, agents of the Queen and Crescent Route (Cincinnati Southern) Cincinnati to Somerset and all agents of the Louisville Southern, will sell tickets to High Bridge on July 22d at 1st rate, good for return until Aug. 2d, at half rates plus 25c admission fee. Refreshing Retreats.

Summer days are fast approaching and now is the time that excursionists, pleasure-seekers and sportsmen should figure out a route for their summer vacation. In doing so, the delightful and scenic Central Lines come vividly to view, among which are Fox Lake, Ill., Lake Villa, Ill., Mukwonago, Wisconsin, Cedar Lake, Neenah, Waupaca, Ellipt, Bettendorf and Ashland, Wis. Wisconsin has within the last five years become the center of attraction for more pleasure-seekers, hunters and fishermen than any other State in the Union and each visit increases the desire to again see the charming landscapes, breathe the balmy fragrance that is a part of the invigorating atmosphere, wander through the colonnades of stately piles and look the spectacle of a beautiful lake, and for pamphlets containing valuable information, etc., apply to T. S. PATTY, D. P. A.

JAS. C. POND, General Passenger and Ticket Agent, Chicago, Ill.

Cholera infantum has lost its terrors since the introduction of Chamberlain's Colic, Cholera and Diarrhoea Remedy. When that remedy is used and the treatment as directed with each bottle is followed a cure is certain. Mr. A. W. Walters, a prominent merchant at Waltersburg, Ill., says: "It cured my baby of cholera infantum after several other remedies had failed. The child was so low that he seemed almost beyond the aid of human hands or reach of any medicine. And so soon bottles for sale by Dr. M. L. Bourne, Druggist and Optician, Stanford, Ky."

Now Try This
It will cost you nothing and will surely do you good if you have a cough, cold or any trouble with throat, chest or lungs. Dr. King's New Discovery for Consumption, Coughs and Croup, is guaranteed to give relief or money will be paid back. Sufferers from La Grippe found it just the thing and under its use had a speedy and perfect recovery. Try a sample bottle at our expense and learn for yourself just how good a thing it is. Trial bottles free at A. R. Penny's drug store. Large size 50 cents and \$1.

Specimen Cases.
S. H. Clifford, New Cassel, Wis., was troubled with neuralgia and rheumatism, his stomach was disordered, his liver was affected to an alarming degree, appetite fell away and he was terribly reduced in flesh and strength. Three bottles of Electric Bitters cured him.

Edward Shepherd, Harrisburg, Ill., had a running sore on his leg of eight years' standing. Used three bottles of Electric Bitters and seven boxes of Bucklen's Arnica Salve and his leg is sound and well. John Speaker, Catawba, Ohio, had five large fever sores on his leg, doctors said he was incurable. One bottle Electric Bitters and one box Bucklen's Arnica Salve cured him entirely. Sold at A. R. Penny's drug store.

Mr. Van Pelt, editor of the Craig, Mo., Meteor, went to a drug store at Hillsdale, Iowa, and asked the physician in attendance to give him a dose of something for cholera morbus and looseness of the bowels. He says: "I felt so much better the next morning that I concluded to call on the physician and get him to fix me up a supply of the medicine. I was surprised when he handed me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. He said he prescribed it regularly in his practice and found it the best he could get or prepare. I can testify to its efficiency in my case at all events." For sale by Dr. M. L. Bourne, Druggist and Optician, Stanford, Ky.

Bucklen's Arnica Salve.
The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns and all skin eruptions and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by A. R. Penny, Stanford, Ky.

CLEMENTVILLE is the name of a new post-office in Casey county and Albert Clements has been appointed post-master.

Your accounts are due and ready for you. Please call and settle. I need the money to settle city bills. Miss Annie Wray.

R. ZIMMER has secured the dining room privileges at the fair and will for 50 cents furnish as good a dinner for ladies and gentlemen as one could wish.

Our business manager, E. C. Walton, will have an office with the secretary during the Fair, and persons wishing to transact business with him can find him there.

The Crab Orchard Springs Hotel has been opened by Mr. Gus Hoffman, of Indianapolis, and quite a nice little crowd has gathered there. The rates have been put down very low, while the accommodations are about as good as ever. The Keeley Cure has 10 or 15 patients and all are doing well.

It is gratifying to hear that Mr. and Mrs. John McClure, of the West End, have made up and that he has taken her back to his heart. She denies that any intimacy ever existed between her and R. Lee Davis and Mr. McClure believes her. She is a very pretty woman and it would be hard for any man not to believe her.

GEORGE D. WEAREN, agent for C. Aultman & Co., of Canton, Ohio, sold Bowers Bros., of Brodhead, a 12-horse traction engine; James Thomas, of this county, one ten-horse traction engine and threshing machine and to Napier Bros. Hiatt & Young and White, Myers & Smothers each a new threshing machine.

MR. GEO. D. WEAREN found one of his horses in his pasture with a broken leg Saturday morning, the result of a pistol shot. The animal was in such bad condition that it had to be killed. Mr. Wearen thinks the shot an accidental one, as he knows of no enemy that he has who would be mean enough to be guilty of such a deed.

THE handsome residence of Capt. Wm. Geor, on Varnon street, will be ready for occupancy within two weeks. When the captain had the misfortune to break his leg he held an accident policy in the Order of Railway Conductors for \$3,000, which was promptly paid him, and he very sensibly put \$1,800 of it in a home for himself and wife to spend their declining years.

A NUMBER of fine strings of horses for exhibition at the Fair to-day and to-morrow has arrived and the prospect is that every premium will be hotly contested. For Anderson Nunnally's amusement men are on the grounds and there will be no dearth of outside attractions. Let everybody attend and make the Fair such a success that it will be made a permanency on a large scale.

FOR nine years Col. Dan Slaughter, of Green Briar Springs, has kept a standing offer of a month's board to anybody who could beat him playing croquet, and until Saturday no one was able to claim it on him. His Waterloo came on that day, however, for after a hotly contested game of two hours, Rev. W. C. Barnes snatched the laurels from his brow, put on his championship belt and had his account credited with 31 days' board.

TEACHERS.—Of the 40 white teachers examined, 32 passed, only one receiving a first class certificate; 15 got 2d and 16 3d. The eight who missed were most all young girls, whose ambition to make a living caused them to try for a certificate to teach before they were prepared. Friday and Saturday were devoted to the colored applicants. Twenty-two presented themselves for examination, 20 of whom are females. The examiners, Messrs. J. G. Denny and C. L. Holmes, are very competent for the task and did their duty without favor.

MR. D. M. CREIGHTON, who is now spending the evening of his life peacefully on his farm at Kings Mountain, was in town Friday. Mr. Creighton is a native of Ohio, a lawyer by profession, and at one time tried his hand at editing a newspaper. He started the Madison county, Ohio, Democrat, and ran it for a while quite successfully and it is still living and preaching democratic doctrine as its founder started it out to do. Mr. Creighton tells us that the peach crop in his belt is almost a failure except in spots. He has a good crop with a small orchard, while his neighbor, Mr. McKee, with 53,000 trees and a \$1,000 evaporator, has hardly any at all. Mr. Creighton is a very intelligent gentleman and we enjoyed his call very much.

THE K. C. will sell round-trip tickets on account of the Stanford Fair at 14 fares for the round-trip.

TO TAX-PAYERS.—Your 1892 taxes are now due. Hope all will come forward and settle promptly. J. N. Menefee, Sheriff.

THE night trains under the change of schedule made Sunday, pass here now at 11:55 p. m., going South, and 3:15 a. m. north.

SANTON'S BAND will play for the Lady of Lyons performance at the Opera House to-night. Admission 25, 50 and 75 cents. Reserved seats for sale at McRoberts' drug store.

FOUND.—On street leading to water works, a man's coat with handkerchief in pocket bearing initials "J. W. C." Owner can get same by calling at this office and paying for this notice.

TAKE NOTICE.—The ring, "the best boy rider," on the programme of the Fair to-morrow, it should have been stated that no boy over 12 years could contest for the premium. It was the omission of the Secretary.

THE Lincoln county bonds sold yesterday, went away out of sight, showing how highly the credit of the county is regarded. Mr. T. J. Foster bought 16 of them of \$500 each, paying from \$13 to \$13.25 premium on each \$500; C. Bishop got one at a premium of \$15.50 and J. H. McAlister one at \$14.25. The bonds run five years and bear 6 per cent.

MR. AND MRS. T. A. RICE promised little John Shanks a trip to Cincinnati along in the first of the season, if he would get the largest number of head-marks at Rev. John Bell Gibson's school. He came out victorious and they took him to Cincinnati Saturday, where the little fellow enjoyed himself to the full extent.

MR. J. G. METCALFE, general manager of the L. & N., passed up in his private car Friday on a tour of inspection, accompanied by Messrs. G. E. Evans, superintendent of transportation, R. Monfort, chief engineer, J. W. Logsdon, superintendent of the C. V. Branch, and W. P. Pike, superintendent, and Frank Harris, master of trains of the Knoxville Division.

THERE seems to be a question as to who is chairman of the committee in the new 13th judicial district. Dr. Plummer, of Mercer, called a meeting at Nicholasville last Saturday and Mr. J. B. Paxton went over to find neither the doctor nor any other member of the committee there. Mr. Mahan, of Boyle, claims to be the chairman, and if he is, he ought to get the committee together shortly to decide on the method of nominating a candidate for judge. A primary election in August would seem to suit all parties.

GREEN BRIAR.—This cozy resort has been enjoying an unprecedented patronage for the time of the year. A large crowd came with the opening and the arrivals since have more than kept pace with the departures. A number of recruits are booked for this week and the prospect is that every room will be taken in a very short time. The place is in excellent condition this season and the guests have found it unusually pleasant. The air or the water or both gives one an appetite sufficient to enjoy a lunch of what stones, but fortunately Col. Slaughter doesn't furnish that kind of diet. His tables groan, until the bell rings, under their load of spring chickens and other good things, when they disappear with such rapidity that the cooks with their inexhaustible larder can hardly supply food as fast as the hungry guests devour it. The rooms are nice and cool, there are numerous amusements for whiling away the time and altogether it is a very pleasant place to visit. The Barnes troupe, which left yesterday, speak in high praise of their treatment by Col. Slaughter and all have gained in flesh and health very perceptibly.

"SHY WIN A HEAT"—And so did the Interior Journal Base Ball Club last Friday evening by a score of 7 to 6. The Harrodsburgs were the victims and it did go hard with them. They had won the game (by talk) before our boys arrived at Harrodsburg, and thought it was all over except the shouting, but our boys knew a thing or two and when the umpire (?) called out, "Play ball," there was a "Waterbury long wind" smile upon the usually placid countenance of Manager Hurley, while the handsome Irish mug of Capt. Jack Keenan was radiant. Then the fun commenced. The L. J.'s took the field. "One ball, too high," called the umpire; "two balls, too wide; three balls, too low; four balls, take your base, etc. Circumstances alter cases sometimes. The L. J.'s came to bat. "One strike, two strikes, three strikes, you're out," calls the umpire, and so on all along the line. Manager Hurley called for another umpire, but in Harrodsburg when they get an umpire to suit them they keep him. "Play ball in five minutes or the game is forfeited to Harrodsburg," says Umpire Clarkson, and they played. Capt. Keenan instructed each player to strike at any ball if it was possible to reach it, and they did so. In the seventh inning they made five runs off of Chinn's delivery, hitting him freely. We won the game by good fielding and strong batting. Hits made off Chinn, of Harrodsburg, 9; off Daniels, of L. J.'s, 4. Umpire, Clarkson.

FOR SALE.—A house and lot in Darstown belonging to W. M. O'Bryan. J. H. Banghman.

THE L. & N. will sell round-trip tickets at reduced rates to the Fair here to-day and to-morrow.

A NEW schedule went into effect on the K. C. Sunday, but it does not affect the trains running to this point, which depart at 7 a. m. and return at 5:20 p. m., as before.

EVERYTHING is in readiness for the fair, which begins to-day, and with anything like good weather, the largest crowd ever seen in Stanford will be in attendance. Go and spend a couple of days of pleasure with your friends.

THIEVES entered the hen-house of Mr. J. S. Hocker, Friday night, and took from his roosts 20 odd hens and chickens. The same night Mr. S. H. Banghman had a lot of potatoes and cabbage taken from an out-house in his yard.

THE Home Literary and Dramatic Society has been rehearsing Lady of Lyons for a week and will be able to give even a better performance at Walton's Opera House to-night than it did at Turnersville. Let everybody attend and help the Society get a library for the Turnersville school.

THE candidates for circuit court judge, Messrs. R. J. Breckinridge and H. T. Noel, spoke here yesterday, but owing to the lateness of the hour when they got through, Judge M. C. Saufley, the other candidate, gave away to Mr. Alex Lusk, who was on hand to speak in behalf of the prohibition candidates, which he did in his usually earnest manner.

THE Farmers' Alliance Lodge at Waynesburg gave a picnic, Saturday, which Judge Saufley tells us was attended by nearly 1,000 persons. The Alliance lecturer and the candidates for circuit judge made speeches and oratory was on tap from 11 to 4, except for an intermission for dinner, which was an excellent one, spread on a large scale and heartily enjoyed by all present.

THE several plants at the water works are progressing rapidly, we found on a visit to them with Manager E. J. C. Howe. The ice machinery is nearly in place; the electric plant will soon be able to start up and the water works will not fall far behind. A good deal of the pipe has been laid and the work will be pushed to completion. It is placed two feet under ground so as to preclude any possibility of it being affected by freezing weather. Fifteen cars were required to transport it from Birmingham, Ala., at a freight cost of about \$100 a car. The cost of the pipe itself was \$28 a ton and as every 40 feet weighs a ton and there are two miles or more of it, it will be seen that it takes a good sized sum to foot the bill. The poles for the electric wires are of cedar and came from Michigan. The engines to run the whole business number five and they have a combined power of 250 horse. The building to hold the machinery is a very large one, built of brick and everything is being made in the most substantial manner. The water gallery has a capacity of 120,000 gallons, but as it is fed by several large springs the supply is almost inexhaustible. The opening up of these large enterprises ought to give Stanford a new impetus and cause numerous manufactories to be located here. The water rate is low and the shipping facilities first class. The attention of investors is called to these facts and investigation invited.

It Had a False Bottom.

A dealer in surgical instruments at Paris had an Italian doctor among his customers. "I want to sell out," he said one day to the doctor. "I have a customer for you, a friend of mine," replied the doctor. He introduced the friend and the purchase money and other conditions were soon agreed upon. When the preliminaries were written down the Italian said: "I shall call tomorrow to sign and settle. But," producing a handbag, "why should I carry about this heavy bag? I cannot leave it at my hotel, as the owner refuses to guarantee my treasure against robbery. You see there is a good deal of money and notes in it." He opened the bag and took out a small box in black tin, which actually contained a treasure. "Will you allow me to leave the whole bag with you? You might use it for depositing your own money in instead of having it in that crazy wooden box of yours."

The instrument dealer consented. He placed some 5,000 to 6,000 francs in gold and nearly 25,000 francs bonds in the box and put the bag behind the counter. The Italians were leaving. "Let me look at my bag; I want to take out a paper." The bag was handed out. Taking out the box of black tin the Italian said: "Keep the money here. I may as well take the bag; it is not heavy without it."

On the day following the instrument dealer waited, but the Italian did not come. He went to see the doctor. The doctor had disappeared from his place of business.

When he opened the tin box he found in it two pounds of iron, carefully wrapped up in oakum to keep it from shaking. The money and bonds were gone with the Italians.—Chicago Herald.

A Motor Beats a Rolling Hat.

An amusing race between a south side motor car and a plug hat with a gaudy purple lining occurred on the central viaduct yesterday. It was a straightaway dash for half a mile, and the motor car won after a desperate struggle because its competitor went lame by striking a snag.

During the pelting rainstorm at noon an eastbound motor car on the bridge passed at the draw a carriage, the chief engineer of which wore the Maud S title. The bedraggled team had no desire to test the speed of the motor, but the storm and the hat made up a race. From the drawbridge to the east end of the viaduct is a clear course of more than half a mile. The storm abruptly transferred the hat to the sidewalk, and as the wind was blowing along the course nearly thirty miles an hour the race was on in a moment. Sometimes the hat rolled along with the rim and edge of the crown on the sidewalk and sometimes it turned end over end. The motor was running nearly twenty miles an hour, but the tile easily kept pace with it.

For more than half the distance it was a dead heat, and the passengers became wildly excited. They stood on the seats and applauded the hat and the motor man alternately. The latter applied the full power of the electric current, but he became discouraged several times after gaining a temporary advantage when a gust of wind placed the purple lined racer in the lead. At the east end of the viaduct a final spurt was made by the motor man, but the hat kept pace with him until it landed among a lot of beer kegs.

The hat was not then half as pretty as when the race began.—Cleveland Leader.

The Mongoose.

The incessant appeal which comes from fruit growers throughout the state for the contrivance of some means for the extermination of gophers and other field rodents has prompted a well known fruit company of this city to negotiate for the importation of a small carnivorous animal known as the mongoose. The animal is a total stranger to our soil, and the only specimens ever forwarded here were two from Hawaii in 1890, which, however, were denied a landing and were subsequently drowned in the bay by the customs officials.

The mongoose is a catlike animal in size and appearance and is indigenous to India, where its antipathy to rats, snakes, gophers and other similar vermin is well known. The animal is very easily domesticated, and for this reason serves excellently as a rat exterminator in private families.

In consequence of these desirable characteristics, the mongoose has been imported to Jamaica, where it has accomplished much in the way of extermination, and more recently it was sent to the Sandwich Islands. There the first few specimens have multiplied largely and have created havoc among the rats which formerly infested the sugar cane fields. It is believed that it can accomplish the same results in this state.—San Francisco Chronicle.

A Revival Service on Mount Calvary.

The other Sunday a "revival" service was held on Mount Calvary and an address given by Mr. Moody, the American evangelist. About 400 persons—tourists, guides and nurses from the hospital—gathered outside the Damascus gate of Jerusalem, on the round green hill which is believed to be the spot where Christ was crucified. A number of boys and girls from the mission school led the singing and Mr. Moody, standing on a chair, gave a characteristic address.—Exchange.

An Ice Cave.

The delvers among the wonderful in nature have discovered an ice cave in Kilkenny county, Wash. It is said to be of enormous size, but pervaded by an atmosphere so intensely cold as to prevent thorough exploration.—St. Louis Republic.

A River of Ink.

A river of ink flows in Algeria. One stream is impregnated with iron, and it meets another flowing through peat moors, containing gallic acid; when they unite they form a stream of ink.—Yankee Blade.

The rise in the value of Shetland ponies is interesting. Last century the price of a pony in the islands was \$1 ls. In 1800 it had risen to \$3, and now a first rate pony is worth from \$15 to \$20.

Charles Taylor, who is eighty-three years old, recently drove Factory Boy, 2:24 1/4, a winning race at Lepine park, Montreal, in 2:26 1/4, 2:26, 2:27. This was Factory Boy's sixty-second race and the fifty-third which he has won.

A turf writer says: "It is pretty safe betting that at least seven trotters will equal or beat 2:08 this season. If we were to pick the seven we should name Nancy Hanks, Sunol, Palo Alto, Allerton, Nelson, Delmarch and Axtell."

E. H. JONES, Stanford.

J. D. JONES,

O. V. RILEY, Pineville.

H. T. BUSH,

REAL ESTATE AGENT

Stanford, Ky.

I have quite a number of FARMS for sale of the very best Blue-Grass Land in Lincoln county. These Farms are all well improved and good rich lands, running in size from 50 to 500 acres. Considering their location, their richness and fertility of soil, the convenience of turnpikes and railroads that bring markets right to our door, they are cheaper than the lands of any other county in the State. There is scarcely a Farm in the county over 500 acres in size.

The county is checked with turnpikes running in every direction. There is not a public road entering the county seat that is not macadamized. The county has created a new road, such a demand for all kinds of cereals and provender that we can scarcely train enough for home consumption.

The people are prosperous, generous and kind, believing in Christianity and education. There is not a neighborhood in the county but has a good church and school-house.

Stanford, the county seat of Lincoln, is a prosperous little city of about 2,000 inhabitants and is the great doorway from the North and Northeast South and from the Northwest to Southeast, and standing as it does facing right into the bosom of the undeveloped mountains of Southeastern Kentucky backed up by the whole Blue-Grass region of the State with railroads running through it to all points of the compass, makes it naturally one of the best located towns in the South for manufactures and other enterprises of magnitude.

Water Works are now being agitated and right about the town about three-fourths of a mile there could be erected Water Works with very little cost that would supply a city of 100,000 inhabitants with the purest and best water in the world. Our little city has been newly rebuilt in the last few years and its business houses and residences compare with larger cities of greater pretensions. Our merchants and tradesmen are all prosperous and doing well. We have two banks with a capital stock of \$500,000 that are prosperous and in a good condition.
